

**VEHICLE USE AND PARKING
STUDENTS**

The Southwest Technology Center Board of Education will permit student use and parking of motor vehicles on the school campus at their own risk of personal or property damage. Students driving a motor vehicle to the school campus may park the vehicle only in the parking lot designated for student parking. Students will not park vehicles in the parking lot(s) designed for staff and visitors.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct or authorize routine patrols of student parking lots and inspections of student automobiles when on school property. The interior of student vehicles may be inspected whenever a school authority has a reasonable suspicion that illegal or unauthorized materials may be contained inside. Such patrols and inspections may be conducted without notice, without consent, and without a search warrant.
